The purpose of the Homeless Veteran Provider Technical Assistance Center (TAC) is to provide technical assistance services to assist non-profit organizations (NPFs) and faith-based agencies (FBAs) in their efforts to support homeless veterans in their transition to independent living. Technical assistance (TA) consists of the provision of expert support in grant writing, program development, evaluation planning, and information about federal requirements so that organizations may develop the capacity to prepare their own grants and secure external funding from federal and state agencies and from private foundations. TAC is designed to serve non-profit organizations in their regional areas or VISNs (Veterans Integrated Service Networks) by providing services regionally, by Internet, or by phone at 1-877-VET-TAC1.

Funded by the Department of Veterans Affairs Project Number: 07-602-NC
