CALDAR Summer Institute on Longitudinal Research & Clinical Trials Network (CTN) Dissemination Conference

August 9 - 11, 2010 • Los Angeles

The UCLA Center for Advancing Longitudinal Drug Abuse Research (CALDAR) is pleased to announce its third Summer Institute on Longitudinal Research. The 2010 Summer Institute will also feature the National Drug Abuse Treatment Clinical Trials Network (CTN) regional dissemination conference.

Focusing on the theme of recovery from drug dependence, the general conference (August 9) will present current findings and future directions of longitudinal drug abuse research and implications for policy and practice. Separate tracks of training (August 10th - 11th) for treatment providers and researchers include coursework and workshops on (a) longitudinal statistical and methodological topics and (b) evidence-based approaches addressing drug abuse. Targeted audiences are researchers, clinicians, treatment providers and policymakers.
